

# SPF Essentials

Just 14% of men use sunscreen outside on a sunny day (1). Daily use of sunscreen with SPF 15 or higher reduces the risk of developing melanoma by 50% (2). We made it our mission to understand why guys aren't using sunscreen and developed an SPF line that works for them. Chase the sun without limits.

## Everyday Anti-Aging Face Moisturizer

This moisturizer works triple duty to keep your skin hydrated all day long, protect you from the sun with SPF 37, and defend your skin against signs of aging. It's light, oil-free, and won't leave your skin greasy or shiny. The formula is infused with moisturizing Hyaluronic Acid, antioxidant-rich Alpine Caribou Moss™, Vitamin E, and Vitamin B5 to leave your skin smooth and ready for the day. Fragrance-free.
